About Huathai Protein

- Established in 1995, Shandong Hua-Thai specializes in premium plant-based proteins—notably pea and rice protein—leveraging three decades of deep-processing expertise, advanced extraction technologies, and dedicated R&D. As a pioneer in Chinese pea protein isolate and hydrolyzed peptides production, we deliver clean-label, high-solubility ingredients for nutritional, sports, and functional foods.
- Our expanded portfolio, including mung bean, fava bean, and pumpkin seed proteins, empowers global brands across North America, Europe, Asia, and the Middle East with sustainable, allergen-friendly solutions, underpinned by relentless quality commitment and partnership-driven innovation.

Main products

Best-selling

- Pea Protein
- Rice Protein
